Pranjal

Director of Engineering,
Fluor Corporation, Delhi

Members

Krishna Kumar

Head of India Sales,
L&T Valves

Narendra Gangwar

Head of Procurement/Projects,
Deepak Nitrite Ltd.

SN Vora

Senior General Manager,
GNFC Gujarat

Mrinal Das

Senior Vice-President,
Projects & Engineering Purchase,
Dorf Ketal Chemical, Mumbai

Suprita

Engineering Head,
Worley

Mummadi Venugopal

Senior Vice President,
Procurement,
Reliance Industries
Limited, Mumbai

Badri Ram Parthasarathy

Senior Engineering Manager,
Honeywell UOP Pune division

B Sudarshan

Executive Director - Refinery,
Mangalore Refinery &
Petrochemicals Ltd.

Pranay Garg

Managing Director,
Advance Valves

Ramesh Babu

Managing Director,
Velan India

Arvind Goel

Managing Director,
Auma India

Kuldeep Singh

Head of the Department -
Instrumentation and
Electrical, Topsoe

KT Varadhan

Project Procurement Manager,
Petrofac International Limited,
Sharjah

Rajanish D. Lokhande

Vice President & Head,
Instrumentation,
thyssenkrupp Uhde India

Devendra Mhatre

Senior Principal Engineer,
Technip Energies

Opening Ceremony

The event was inaugurated with great enthusiasm, marked by a ribbon-cutting ceremony & lamp lighting performed by the esteemed Advisory Board members, sponsors, and partners. The presence of distinguished country representatives added an international flair to the occasion, highlighting the global relevance of Valve World Expo. This grand opening celebrated the spirit of collaboration and innovation, emphasizing the event's role as a leading platform in the valve and industrial flow control sectors. The ceremony set the stage for an exciting exhibition, fostering meaningful connections, knowledge sharing, and groundbreaking advancements in the industry.

Floor Plan

Showcase

Valve World Expo India 2024 received a remarkable response from the industry, with 73 leading companies and brands showcasing cutting-edge solutions. The exhibition represented innovations from 12+ countries, featuring a wide range of products, including valves, valve components, actuators, positioners, gaskets, sealings, engineering software, and advanced valve diagnostics. The event attracted over 3,923 attendees, including manufacturers, suppliers, engineers, consultants, EPC contractors, and industry leaders from sectors like oil & gas, power generation, petrochemicals, and water treatment. The exhibition provided unmatched opportunities for collaboration, knowledge sharing, and partnerships, reaffirming Valve World Expo India 2024 as a premier platform for innovation and global collaboration in the valve and industrial flow control sectors.

Participating Brands

Participating Brands

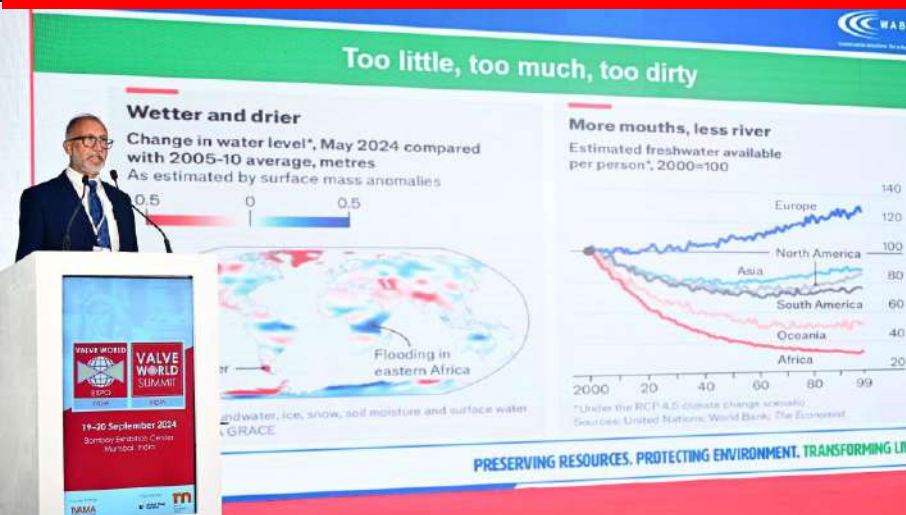

The Valve World India Summit, held on 19th and 20th September 2024, featured a series of impactful keynote sessions, panel discussions, and technical sessions, with 36 esteemed speakers sharing their insights.

The summit attracted 250+ delegates from different countries, representing various sectors of the valve and industrial flow control industries. On the first day, participants engaged in keynote sessions and panel discussions, addressing key industry challenges, followed by technical sessions focusing on emerging trends and technologies.

On the second day, the event continued with more in-depth keynote sessions and panel discussions, offering valuable insights into innovations and future developments.

With its strong lineup of expert speakers and dynamic sessions, the summit provided a premier platform for industry professionals from around the world to exchange ideas, foster collaborations, and drive advancements in the valve and industrial flow control sectors.

Summit Sessions & Speakers

Keynote 1 - Emerging energy landscape & its impact on the value chain

Subramanian Sarma

Whole-Time Director and President (Energy),
Larsen & Toubro Hydrocarbons/Energy

Panel Session - Supply Chain, Procurement & AML Strategies

Moderator

Mummadi Venugopal

Senior Vice President (Procurement),
Reliance Industries Ltd.

Mrinal Das

Senior Vice President Projects &
Engineering Purchase,
Dorf-Ketal Chemicals India Private Limited

Sreedip Biswas

Lead Corporate Category
Management Group,
Bechtel India Private Limited

J. Suresh

Head of Manufacturing
Kanchipuram Plant,
L&T Valves Limited

Chaitanya Shah

Associate Director Sales
& Services,
Emerson India

Summit Sessions & Speakers

Technical Session 1 - Fugitive Emissions and Valve Sealing Technologies

Chairperson

Suprita Mitta

Department Manager I&C,
Worley

Florian Werner

Head of Sales and Application
Engineering EU,
**Teadit Packing &
Gaskets Private Limited**

Yogesh Jangra

Global SME
Fluor Corporation

Maswood Ahmed

Asst. General Manager, Design,
Kanchipuram Plant,
L&T Valves Limited

Sandy Van den Broeck (MSc.)

ESG Director,
European Sealing Association

Keynote 2 - NPCIL's vision for future NPP deployment & expected role of valve industry

S.K. Saxena

Executive Director - Engineering,
NPCIL

Summit Sessions & Speakers

Technical Session 2 - Innovation in Valve & Actuator Technologies & Emerging Energy Landscapes

Chairperson

Badriram Parthasarathy
Senior Engineering Manager
Honeywell UOP Pune

Marc Schmidt
Director of Sales,
AUMA Group

Pranjal
Director Engineering,
Fluor Corporation

Speakers

Umesh Singh
General Manager,
Group Head - Instrumentation,
Thyssenkrupp Nucera India Private Limited

Ramesh Babu
Managing Director,
Velan India

Rahul P
Sr. Manager (Hydrogen/RE),
NTPC

Technical Session 3: Control Valve Technologies

Chairperson

Kuldeep Singh
Department Head,
Instrumentation & Electrical,
Topsoe India Pvt. Ltd.

Marc Cherit
HIPS Application
Manager,
HIMA France

Pranay Kalpavriksha
Senior Instrumentation Engineer
Technip Energies India

Speakers

Rajanish Lokhande
Vice President &
Head - Instrumentation,
Thyssenkrupp Uhde India Private Limited

Abdul Gomaz
Director,
SchuF Speciality
Valves India Pvt. Ltd.

Lindsay Coutinho
Director Refining and Chemicals,
Flow Control products and solutions,
Valmet

Summit Sessions & Speakers

Keynote 3 - The crucial role of water treatment technologies in developing Indian Smart Cities

Shailesh Kumar

Chief Executive Officer,
VA Tech Wabag India

Panel Session - Valves for Water Infrastructure Projects with a focus on AMRUT and Smart Cities

Moderator

G Balasubramanian

Head – Corporate Centre,
Water & Effluent Treatment IC,
Larsen & Toubro

Bhavin Javiya

Director,
GM Engineering Pvt Ltd

Ramit Bangroo

Business Head Sales & Design,
BERMAD India Pvt Ltd

Panelists

Shyam Gadekar

Head - International Engineering Centre,
VA Tech Wabag India

Shivnarayan Pareek

Senior General Manager– Discipline
Head - Plant Design, Piping & Pipelines,
Tata Consulting Engineers Limited

Summit Sessions & Speakers

Panel Session - Valve Design and Specifications, Standards

Moderator

Udayan Chakravarty

Chief General Manager (Piping),
Engineers India Limited

Speaker

Jignesh Desai

SME & Principal Design
Engineer - Mechanical
(Materials & Welding),
Fluor Daniel India - New Delhi

Panelists

Santhanu Yesodharan

Sr. Principle Engineer,
CIRCOR Flow Technologies

Bobby Poullose

VP Marketing and Sales,
Advance Valves

Sudharsanam Palanisamy

Head - Product Management
& Engineering,
KSB Valves India

N. R Venkatesh

Head of Design, Kanchipuram Plant,
L&T Valves Limited

Workshop

Valve World India Expo 2024 hosted 7 specialized workshops, offering in-depth discussions on key industry topics. These included the use of electrical actuators in building IIOT capabilities for process industries, as well as the challenges and solutions related to valves for LNG applications. The workshops also focused on digital gasket training, flow control solutions for hydrogen, and the sourcing of castings from the perspectives of both valve manufacturers and foundries. In addition, Generative AI was explored as a transformative force for digitalization in valve manufacturing, and integrated water management solutions were presented, addressing innovative approaches in water treatment and infrastructure. Led by industry experts, these workshops provided hands-on learning opportunities and critical insights, empowering participants with practical skills to tackle emerging challenges and drive advancements in the valve and flow control sectors.

Workshop Topics

Use of Electrical Actuators in Building IIOT Capabilities in Process Industries

Hosted by: **auma**
Solutions for a world in motion

Valves for Liquefied Natural Gas (LNG)

Hosted by: **L&T Valves**

The Age of Digital Gasket Training (DGT)

Hosted by: **TEADIT**
Sealing for a safer and greener tomorrow

Flow Control Solutions - Challenges for Valves in Hydrogen Service

Hosted by: **Valmet**

Sourcing of Castings – Valve Manufacturer and Foundry Perspectives

Hosted by: **IVAMA**
INDIAN VALVE AND ACTUATOR
MANUFACTURERS ASSOCIATION

Generative AI: The Catalyst for Digital Transformation and End-User Success in Valve Manufacturing

Hosted by: **simulationHub**

Integrated Water Management Solutions

Hosted by: **BERMAD**
Water Control Solutions

International Buyers' Roundtable

As a key highlight of the Valve World Exhibition India, the Global End-User and International Buyer Roundtable provided a platform for industry leaders to share invaluable insights. Renowned end-users and buyers delivered presentations on their specific requirements, expectations, and approval processes for potential suppliers of valves, actuators, and related components. This highly anticipated session offered attendees crucial knowledge about the criteria and standards necessary to collaborate with global companies. Designed to be inclusive and informative, the Roundtable proved to be an essential event for exhibitors and visitors looking to expand their market presence. Participants gained a deeper understanding of the benchmarks and procedures needed to establish successful partnerships with international entities, making it a cornerstone of the exhibition's value proposition.

Networking & Cultural Evening

The Networking & Cultural Evening at Valve World Expo India 2024 provided an exceptional opportunity for attendees to connect and celebrate. The evening began with the **Partners & Advisory Board Felicitation Ceremony**, recognizing the strategic contributions of key supporters who shaped the event's success.

A highlight of the evening was the **Hall of Fame - Industry Felicitation**, where IVAMA honored outstanding contributors for their innovation and leadership in the valve and actuator industry.

Guests were treated to a captivating **cultural showcase**, celebrating India's artistic heritage, followed by a relaxed networking session over cocktails. The evening culminated in a lavish gala dinner, fostering deeper connections and discussions on industry advancements. This vibrant event combined collaboration, appreciation, and cultural enrichment, leaving a lasting impact on all participants.

A Worldwide Participation

The Valve World Exhibition India 2024 witnessed an extraordinary turnout from across the globe, reinforcing its reputation as a premier international event for the valve and actuator industry. **Delegates and visitors** traveled from a diverse range of countries, including China, Finland, France, Germany, India, Italy, Japan, Malaysia, Oman, Pakistan, Poland, Russia, Saudi Arabia, Singapore, South Africa, United Arab Emirates, United States, and Vietnam.

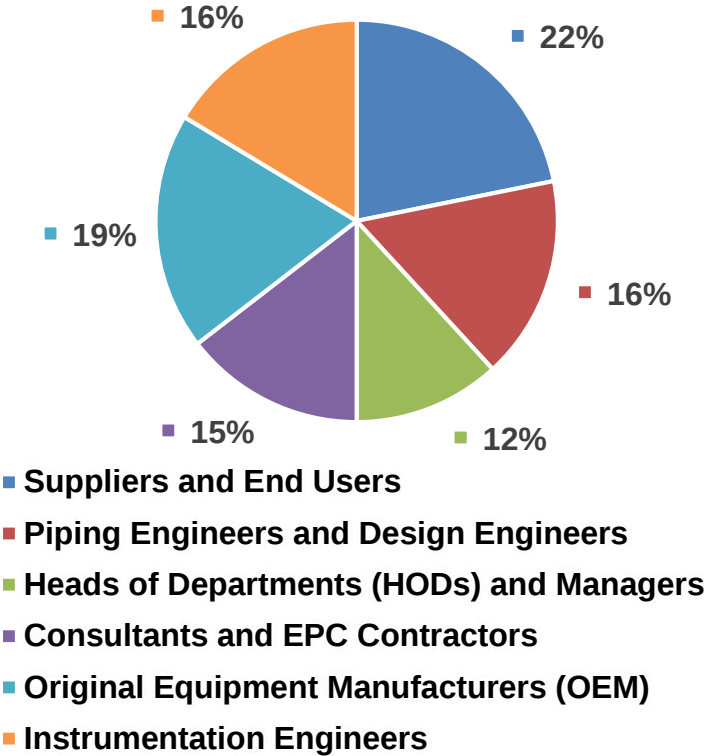

This remarkable global presence showcased the event's significance as a hub for networking, knowledge-sharing, and business opportunities in the Indian valve, actuator, and related components sectors.

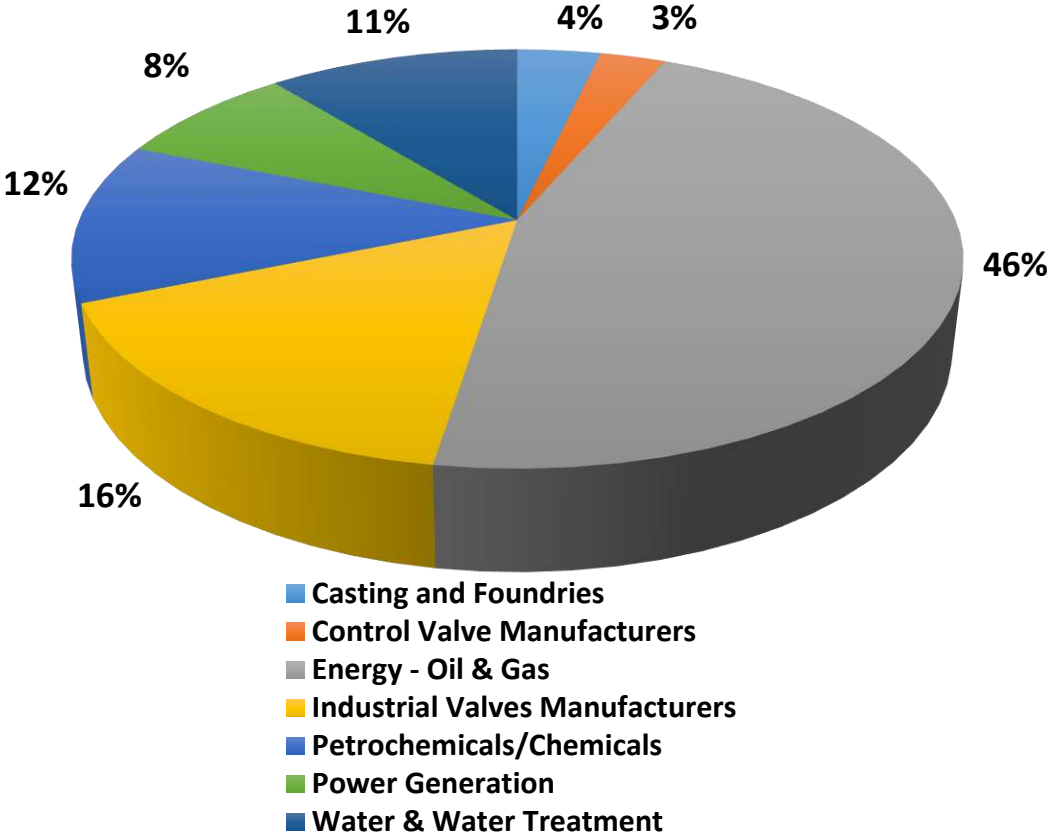

Audience Analysis

Visitors Profile

Visiting Industries

Glimpses

Testimonials

“

Great success, many more quality visitors than expected. Good setup, clean layout.

Actuator Fluid Control
Yagnesh Sachdev, Sales Manager India

”

“

It was an amazing experience to be at this event. We are planning to participate in June 2026. We received mixed responses, great buyers, and good deals.

Aegis Valve Industries Pvt. Ltd.
Prajapati Suresh, Director

”

“

I had a fantastic experience at the Valve World Exhibition 2024. The organization was top-notch, and the variety of exhibitors and visitors made it a valuable networking opportunity.

Cair Euromatic Automation Pvt. Ltd.
Mohammad Aatif Pathan,
Territory Manager

”

“

Amazing event, a lot of visitors, a perfect crowd, and excellent arrangements.

Enoch Controls Pvt. Ltd.
Elvis Joseph,
DGM Business Development

”

“

The first edition of VWEL was well set up and represents a good beginning. Normally, Indian businessmen travel to Germany or the USA for business promotion. The next target should be to attract foreign businessmen and customers to VWEL India.

Entech Controls
Chandan Notwani, CEO

”

“

An event that contributed to networking, expanding presence, understanding new products, and much more. It was a great overall experience.

Intervolve Poonawalla Limited
Abhishek Jaiswal, General Manager

”

“

It is an excellent platform to showcase our products. The response was fantastic.

Leader Valves Ltd.
Jogesh Saini, Head Sales

”
